DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 3-6, 8-11, 13-15 and 17-18 allowed.
2. The following is an examiner's statement of reasons for allowance:

As claims 1, 4, 6 and 9, the prior arts in the record fail to disclose a method and system for aborting the transmission of at least one of the data packets, and inserting an acknowledge sequence number in at least one of the transmitted data packets, the acknowledge sequence number being the transmission sequence number of one of the aborted data packets by transmitter within a structure of the claim.

As claims 11 and 15, the prior arts in the record fail to disclose a method and system comprising control logic instructing the buffer to output data packets in order of transmission at least based on the transmission sequence numbers of the data packets and the acknowledge sequence number, so that a missing data packet having a transmission sequence number equal to the acknowledge sequence number is treated as having been output from the buffer within a structure of the claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
